SPACES THAT BRING ASPIRATIONS TO LIFE

We have been educated about the importance of sports from a very young age. It helps us be active. It teaches us discipline, leadership and team work. It reduces our stress. Easy access to playgrounds or sports courts isn't an option for everyone. And having access to it close to your home, that offers a serene and luxurious lifestyle may seem a far fetched dream. But not anymore.

Welcome to G Square Eden Garden, Hyderabad's first sports-themed plotted community and the perfect place to build the home you aspire for in the city.

In a global city like Hyderabad, we are left with very little options to build a home as per our convenience and taste. Space has become a luxury and our homes have become places where we merely exist, not live. But we all know, a house that is built according to our aspirations turn it into a home of happiness, love and life. And here, you can do just that in a serene setting, ideal for those who love a peaceful and active lifestyle.

Billiards

MICHAEL PHELPS
Swimming

GET TRAINED BY THE ULTIMATE PROS!

We envisioned the project to be an authentic community that actively promotes sports for serious sportspersons as well. Hence, we have tied up with two sports academies - Michael Phelps Swimming and Game Changerz by Dinesh Karthik (Cricket).

Michael Phelps Swimming, founded in 2015, is training students in swimming across 15 locations in India. The academy requires its school staff to complete an exclusive training program, ensuring thorough, consistent and professional lesson plans.

Dinesh Karthik's Game Changerz is a cricket academy that aims at cultivating the importance of sports at an early age for physical and mental fitness. The students here will discover the nuances of cricket and sportsmanship.

The coaches of these academies are carefully handpicked and possess years of experience, offering real-time insights. This initiative of bringing in these sports academies is to bring world-class training and coaching closer to budding sportspersons to help them achieve their dreams.
